

Model 715 AST Remote Fill Box

SPECIFICATION SHEET

The Morrison 715 Series is a 10 gallon capacity remote fill box that provides containment of small spills during tank filling operations. All models are supplied with a male threaded connection inside and outside. The 715 may be ordered with a factory installed ball valve and a choice between a female quick disconnect check valve coupler with dust plug, or a dry disconnect adaptor and cap. Stainless steel models available.

Features

- 14 gauge steel white powder coated finish or 14 gauge stainless steel; both vented and weather-proof
- Pad-lockable
- Wall mounting brackets on the back (top and bottom)
- Tank mounting weld brackets included
- Sloped bottom for easy draining
- Integral grounding stud
- Tank mounting brackets included

Options

- Morrison model 691 brass ball valve
- 90° aluminum quick disconnect check with dust plug
- Vapor recovery kit including Viton® adaptor and aluminum cap (EVR approved!)
- Dry disconnect adaptor and cap
- Hand pump made of rugged steel construction with Teflon seals and Viton® o-rings
- Post mount available

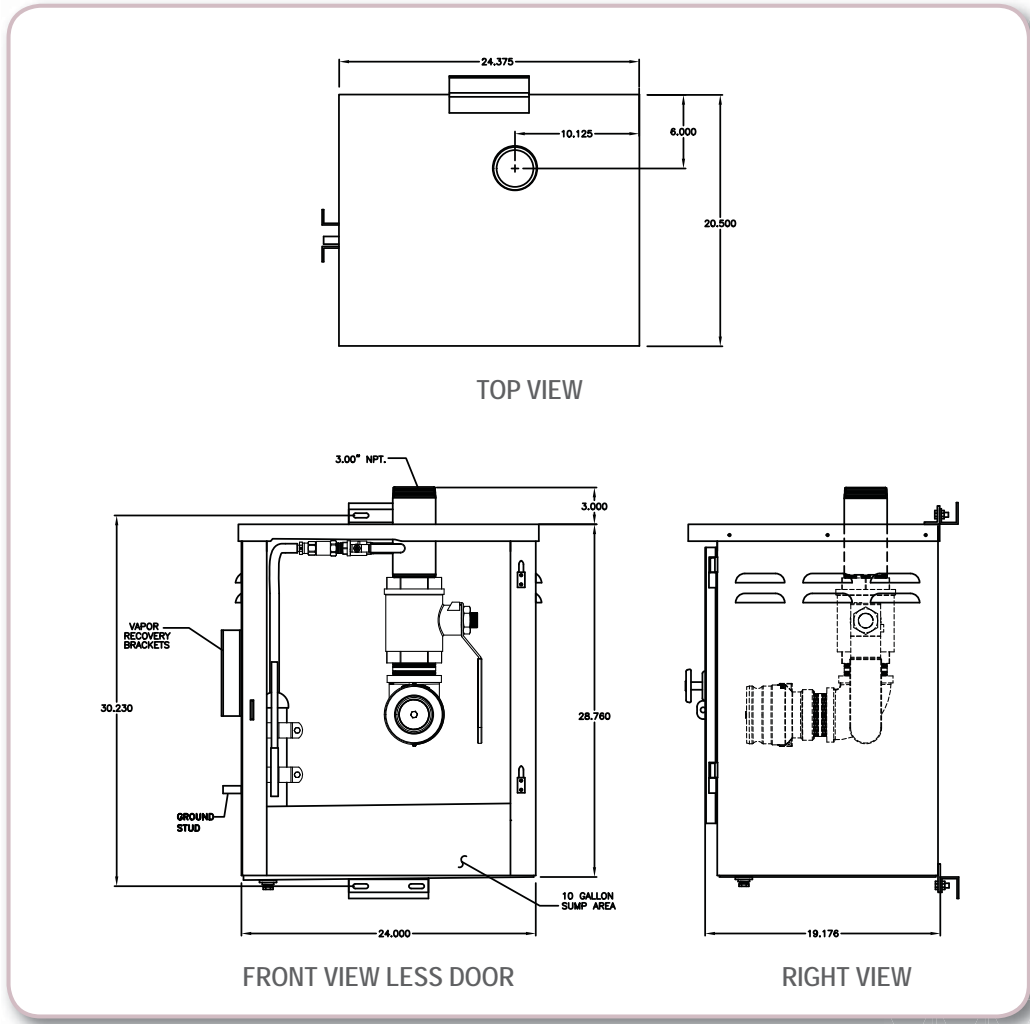

Approvals

- cUL listed
- Florida DEP EQ-787
