After initial installation of the ReTank, the installation checklist supplied by CSI must be properly completed by the contractor and the owner's representative, and the owner must retain the complete checklist to verify proper installation of the tank. The completed checklist must be delivered to CSI at the time of any claim under this warranty, and failure to do so will result in denial of the claim at the discretion of CSI. A claimant must give CSI the opportunity to observe and inspect the tank prior to the removal of any backfill surrounding the tank and removal of the tank from the ground or the claim will be forever barred.

A claimant must give C.S.I. the opportunity to observe and inspect the ReTank and original tank prior to the removal of any backfill surrounding the tank and removal of the tank from the ground or the claim will be forever barred. This warranty covers the tank exclusively for its original installation location.
